

PETROFAC LBBC EVENT - TUNIS

20th November 2019

Petrofac 

OUR VALUES

Petrofac people are:

- **safe**
- **ethical**
- **innovative**
- **responsive**
- **quality and cost-conscious**
- **driven to deliver**

- **Petrofac is a leading service provider to the oil and gas industry**, with approximately 12,000 employees across the world
- Constituent of the **FTSE 250 Share Index**
- **We have 37 years' of international experience. Our track record spans several hundred projects** across our key markets of the Middle East, Far East, Africa, CIS and Russia, Americas, Europe and the UKCS
- **Our capabilities span the oil and gas value chain:** life of field services from concept/FEED to EPC, operations, maintenance and decommissioning, underpinned by training
- Strong track record of supporting onshore and offshore operations to help unlock the value of our clients' oil and gas assets

Project Types

- Upgrade existing facilities – “Brownfield” Projects for future production
- New Facilities – “Greenfield” Projects for new developments
- Replace damaged equipment/ facilities

Project “Features”

- Upstream Onshore
- Offshore
- Subsea
- Downstream
- Facilities & Pipelines

Project Phases

- Concept
- FEED
- EPC
- Operations

- **NOC needs** to progress projects **quickly** however wants to develop projects **responsibly**
- Follow appropriate project development phases to ensure proper management of risk and certainty of costs – but perhaps for certain projects a **different approach** could be undertaken ?
- Effectively use reserves/ natural resources – plan carefully and optimise sensibly with **high quality engineering** to attain high international standard of plant efficiency and uptime
- **Protect the environment** and in addition to **plant efficiency** also critically consider **flaring** and **water discharge**
- Bring international **operational experience** into project development phases
- Leverage on International **EPC expertise** to bring practical solutions and work with local Construction, Logistics and Manpower supply Companies
- Small projects/ replacement projects **executed very rapidly** with minimal engineering
- **Training & Development** of Engineers and Technicians
