Africa Investment Conference 2022

Africa Investment Conference

Invitation

The UK Department for International Trade is delighted to invite you to attend the Africa Investment Conference on 20 January 2022. This virtual event will take place on the second anniversary of the landmark UK-Africa Investment Summit hosted by the British Prime Minister, Boris Johnson, in London.

The Africa Investment Conference will provide a platform for UK and African businesses to connect. It will encourage deal origination, facilitate networking opportunities and raise visibility and interest in African opportunities within an impact and clean growth context. Delegates will be able to hear directly from UK companies about doing business across Africa. The conference is supported by the Africa Investors Group, a grouping of some of the UK's largest investors in Africa.

The conference will explore inclusive, sustainable and resilient investment opportunities and will highlight UK Government support that is available to business. It will make the case for a strengthened, closer collaboration and partnership between the UK and Africa, showcasing emerging opportunities across the continent and UK capability and expertise.

We look forward to seeing you there.
